

Curiosity (\$CURI) Whitepaper

Version 1.0 | March 2025

1. Introduction

Curiosity (\$CURI) is a next-generation meme token designed to reward curiosity, discovery, and engagement in the Web3 space.

Inspired by the saying "Curiosity didn't kill the cat, it made it rich!", \$CURI is built for a community-driven experience, empowering holders through decentralization, gamification, and innovation.

2. Mission & Vision

- Mission: To create a fun, engaging, and rewarding ecosystem that fuels curiosity and discovery in the crypto world.
- Vision: To become the leading meme token with real utility, a strong community, and lasting impact.

3. Tokenomics

Total Supply: 500,000,000 \$CURI

- Liquidity Pool (Locked): 50% - 250M
- Marketing & Partnerships: 15% - 75M
- Airdrop & Community Rewards: 10% - 50M
- Team (Vested): 10% - 50M
- Burn/Reserve (Optional): 10% - 50M
- Future Utility & Development: 5% - 25M

4. Roadmap

Phase 1: Launch & Community Building

Website launch

Social media setup (Twitter, Telegram, Discord)

Whitepaper release

Community growth campaigns

Phase 2: Listings & Ecosystem Growth

Airdrop & giveaways

Listings on CoinGecko, CoinMarketCap

Initial exchange listings (DEX/CEX)

Phase 3: Expansion & Partnerships

Partnerships with influencers & brands

NFT & Web3 integrations

Community DAO voting

Phase 4: Long-term Development

Additional utilities & ecosystem upgrades

More collaborations & large-scale adoption

5. Utility & Use Cases

- Community Engagement: Rewards for active holders & participants.
- Staking (Future): Earn passive income by staking \$CURI.
- NFTs & Gamification (Future): Potential integration with NFT-based utilities.
- DAO Governance: Community-driven decision-making.

6. Security & Transparency

- Smart Contract Audit (Planned) \$CURI will undergo third-party audits.
- Liquidity Lock Majority of liquidity will be locked to ensure stability.
- Anti-Whale Mechanisms Protection against large dumps.

7. Community & Governance

\$CURI is fully community-driven. Holders will have governance power through a DAO model, allowing voting on important decisions for the project's future.

8. Conclusion

Curiosity (\$CURI) is more than just a meme token it's a movement. With strong tokenomics, a clear roadmap, and an engaged community, we are building something fun, sustainable, and rewarding.

Join us on this journey Curiosity will make you rich!
